

Welcome to The LOOP at Chaska, a course designed for everyone. The LOOP is a welcoming and fun course for all abilities – and the first of its kind expressly configured for adaptive golfers.

Architect Benjamin Warren (Artisan Golf Design) drew inspiration from the best courses in the world. Each hole has its own distinct identity through the varying shape, size, and contour of the greens and surrounding areas. The LOOP offers an enjoyable playing experience for adaptive, beginner, and seasoned golfers.

Enjoy golf for all at the LOOP at Chaska, a showcase course and joint venture between the City of Chaska and Barrier Free Golf.
